HOMEWORK ISSUES

If "Yes" describe (time, tech, instructions etc.)

- Do not completely understand how to use valuation sheet.
- Time. There is never enough. Not anyone's fault.
- Finding the time is always difficult but the homework is an essential part of the learning process.
- Not enough time, due to other responsibilities.
- We are having a function for 500+ people and I am helping plan that so I was pulled from class often ... bad timing.
- I was always one of those persons scared to explore the computer. Thanks to my girls and now being in it I have to work it myself and this is challenging.
- Not instructor's fault. Been busy with clients.
- Mostly time. I honestly forgot Mon. homework.
- Time. Very busy. But made most of them.
